DO YOU NEED BUILDING UP?

There are conditions of ill health in which no one particular organ appears to be at fault, yet the patient is miserable and unable to pursue the activities of daily life with vigor and enjoyment. Sometimes the cause is attributed to the imagination but the patient knows that the debility is real.

The remedy evidently is a medicine that will benefit the whole system rather than a part. The blood reaches everywhere and an improvement in its quality is quickly followed by an improvement in the whole organism. Dr. Williams' Pink Pills make a visible improvement in the condition of the blood. The microscope will verify this improvement but the patient can see it in the mirror as shown by increased color in cheeks and lips and added brightness of the eyes. There will also be a new elasticity in the step. These things record an improved tone in the body and if this tonic treatment is persisted in for a reasonable length of time, depending upon the degree of debility, the condition of ill health will be removed.

Those who are interested may obtain the pamphlet "Building Up the Blood" free on request from the Dr. Williams' Medicine Co., Schenectady, N. Y. All druggists sell Dr. Williams' Pink Pills.
